Steps To Your New Website?

Step 1

- Get your Free Consultation with NW Dynamic Solutions
- Within 24 Hours of Consultation you will receive a formal quote and invoice for the services you require
- You can email examples of sites you like the look of or you like the features of (optional).

Step 2

- Once you have reviewed your invoice and we have received your payment you will receive a customized draft layout of your website (shell site), we will continue to work with you until we find a layout you like.

Step 3

- After you have approved a final site layout/design, you will need to send an email of any welcome messages, bios, pictures, info on your company, etc. that you would like to have on your website.

Steps To Your New Website?

Step 4

- We will send the first draft of your site within 10 business days (unless otherwise agreed upon in advance).
- You will then have a chance to look over the site and notify us of any changes or adjustments needed via email.
- Once all edits are completed, you will be sent a link to the final draft.

Step 5

- Once you have approved a final draft, your site will be activated and all future edits will be under the maintenance agreement of your site plan.

Step 6

- Your active site will be registered with your chosen domain name and your one year of hosting and maintenance begins.
